

Sitemap for Mutopia (Group 11)

Notes

1.0.0 Home

Clicking on it will take you back to the home page.

2.0.0 Search

When users access the download page, they can search for the desired sheet music by keywords.

3.0.0 Sheet Music

This is the most important page in this website. Users can find the desired sheet music in different categories according to their needs. While direct search is the most efficient, many times musicians also need to occasionally browse through various categories of sheet music to decide on the repertoire for their next performance or practice pieces.

4.0.0 Contribute

Users can update or contribute sheet music that is not available on the website through this page. Before uploading, users need to check if the sheet music already exists on this page.

4.1.0 In-progress

This webpage displays ongoing projects. Users who wish to upload sheet music are encouraged to check this webpage first to avoid duplicate uploads. Users who need to download sheet music can also get an early understanding of the possible additions to the website.

4.3.0 Upload New Sheet Music

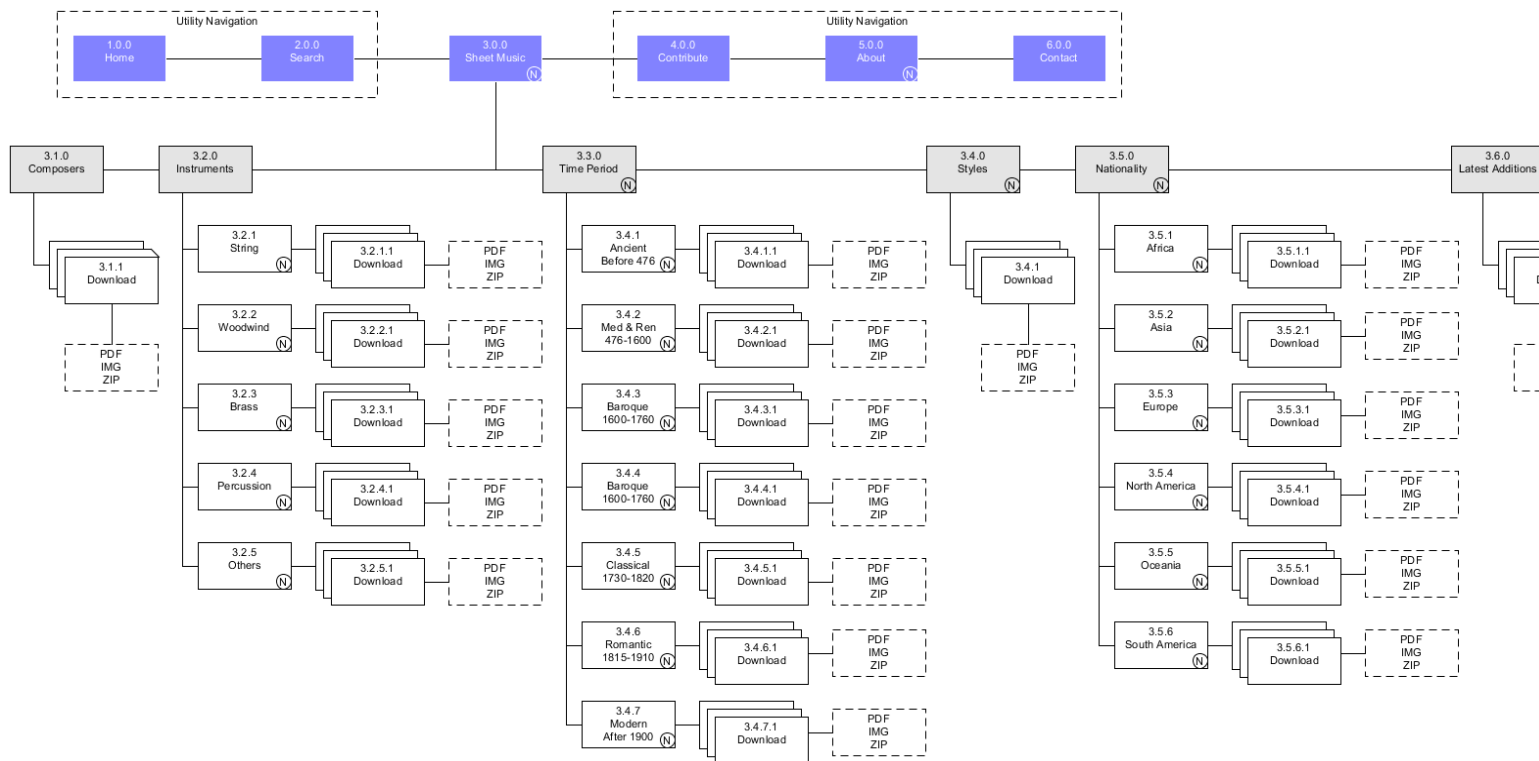

On this page, users can choose to upload music scores either by dragging and dropping or by selecting local files. The accepted file formats are PDF, IMG or ZIP.

5.0.0 About

The About page showcases frequently asked questions and website support, and users can also find the Licensing page here.

6.0.0

Users can find the contact information of the website administrator through this page, as well as discover other collaborating sheet music websites.

Notes

3.1.0 Composers

This page will display all composers in alphabetical order, and users can click on the respective composer to find their compositions.

3.2.0 Instruments

This page will display several different main categories of instruments for users to choose from.

3.3.0 Time Period

This page will display music from 7 different time periods, sorted according to their respective eras.

3.4.0 Styles

This page will display more than 10 different styles of sheet music. Considering that this website primarily focuses on classical music, and classical music styles are closely tied to different eras, separate pages for each style will not be created.

3.5.0 Nationality

This page will display 6 different continents, excluding Antarctica as there are currently no composers from Antarctica.

3.6.0 Latest Additions

This page will directly display sheet music in the order of the most recently added

3.2.1 - 3.2.5

The 5 pages will display sheet music for different categories of instruments, sorted by the popularity of the instruments. The web page will also include introductions to these categories. For instruments within other categories, the top 10 will be sorted by popularity, followed by alphabetical order.

3.4.1 - 3.4.7

There are 7 different pages for different periods. Users can find sheet music from different time periods through this page. The pages for each period will also have introductions.

3.5.1 - 3.5.6

Here, I have classified countries by continent, and on this page, I will also provide introductions to the music styles of each continent.

Download Page

The download page includes the title, cover, description and download links of the sheet music. There are generally three formats available for download: PDF, IMG, and ZIP.
